

Are you looking for some unbiased software licensing advice? At The SAM Club we are independent, we do not resell software and provide a tailored service to meet your individual requirements.

Whatever your requirements are with software licensing, we can work with you and your team to provide the service and solutions on a project basis. Whether this be:

- Microsoft Audit - Light or Heavy touch via a 3rd party. We can provide the advice and guidance to help you through to sign off.
- Effective License Position: This is a one-time license check. We can cover Microsoft, Citrix, VMWare, Symantec, Veritas, Adobe as well as your other infrastructure products. We will review your licensing portals, obtain licensing statements (where applicable), document the licenses owned, reconcile these with your server installations and provide a recommendation report.
- Microsoft Enterprise Agreement – Review of your current licensing and options for your new agreement. We ask questions and discuss options to reduce the value of the proposition.
- New Head of IT. Do you know what Software Licenses the organisation owns? We can help you with the discovery and document the information you require.
- Mergers, Acquisitions & De-mergers. This is a busy time for any organisation. We work with you to help take the pain away from the Software Licensing aspect. Whether this is reviewing cancellation terms, bringing software agreements together, transferring licences or updating organisation names. We work with you allowing you more time to focus on the business needs
- Product Selection & Evaluation. Are you looking for new software? Do you need help finding options, a fresh pair of eyes to review suppliers and contracts or provide advice on the additional software licenses that will be required?
- Project Proposals. Do you need help in ensuring that all software requirements are identified and costed?
